FROM: _____
RE: YOUR PATIENT _____
DOB _____

Enclosed is the revised Individualized Family Support Plan (IFSP) for this child. Please contact me if you have any questions or concerns. Your input is always appreciated!

Did you know...

Research demonstrates that Early Intervention services for infants, toddlers, and young children enhance short-term and long-term development and reduce the incidence of developmental delays for children with:

- Preterm births
- Autism
- Cerebral Palsy
- Visual & Hearing Impairments
- Language Delays
- Down Syndrome
- Low- & Very-Low-Birth-Weight
